

**DUAL PURPOSE POWER. FULLRIVER QUALITY**

**[WWW.FULLRIVERBATTERY.COM](http://WWW.FULLRIVERBATTERY.COM)**

The new Full Force Battery series, is a sealed AGM, maintenance-free, non-spillable, Dual Purpose battery. They have been designed for deep cycle and general purpose applications. These are the perfect solution to replace wet batteries, and are a competitive, yet cost effective option in replacing other sealed batteries.

Full Force batteries can be used in a wide variety of applications including; Marine and RV, Solar and Wind Power Systems, Mobility, Lawn Mowers, Emergency Lighting, Alarm Systems, Test Equipment, Telecommunications, Standby Power and other deep cycle and general purpose applications. Designed and manufactured to provide the performance needed to power your equipment.

Full Force batteries are yet another high quality series brought to you by Fullriver Battery, and are made with strict quality control standards, all in an effort to supply you with another solid battery offering.

## Full Force Series - Deep Cycle AGM Batteries: Specifications

Model	Industry Ref.	Capacity (Minutes)		Capacity (AH)		Cranking (Amps)		Dimensions - Inches (mm)				Weight lbs. (kg)	Terminal
		@ 25 Amps	@ 75 Amps	@ 5Hr	@ 20Hr	CA	CCA	Length	Width	Height	Total Height		
FFD35-12	U1	50	-	29	35	275	225	7.72 (196)	5.16 (131)	6.10 (155)	6.57 (167)	22.1 (10)	M6
